The FS for Standard Chlorine has just arrived. As you know, this site is scheduled for a ROD in FY 93 which means a top priority for our Branch. I would appreciate it if you could get your comments to me by March 5, 1993. Please call me ASAP if can't meet this date.

Bob, if you need extra copies, please advise me as soon as possible and I'll make arrangements to get them for you.

The Bioremediation Treatability Study is underway. Hopefully the results will be in before the end of March. I'll forward them to you as soon as they are available.

THANKS!!!!
